ATLANTIC CITY, NJ (February 15, 2024) – Golden Nugget Atlantic City is excited to announce the first phase of a multi-million-dollar hotel and room renovation project commencing in February 2024. Aimed at enhancing the overall guest experience, transformative hotel upgrades will be carried throughout the hotel including rooms and suites featuring a refined color palette, first-class furnishings, entirely refreshed bathrooms with expansive showers, new corridors and more. This newest remodel comes on the tail end of other recent upgrades at the property including the addition of the all-new authentic Mexican restaurant Dos Caminos, enhanced redesign of the popular Chart House restaurant, as well as significant meeting space and casino floor upgrades.

“We are eager to launch this new, multi-phased hotel renovation project for our Atlantic City Casino property,” said Tom Pohlman, General Manager. “We are excited continue to enhance our property and unveil a refreshed and elevated room product that guests will enjoy.”

Highlights of the room renovations encompass numerous interior enhancements such as all-new designer furniture and lounge seating in soothing neutral tones that invite guests to unwind in style. New lighting includes accent sconces and contemporary floor fixtures, providing bright workspaces, while maintaining a cozy atmosphere for relaxation. Bedside convenience is also at your fingertips with integrated USB and USB-C outlets, catering to the everyday needs of today's traveler. The bathrooms are a true testament to luxury, showcasing spacious walk-in showers enclosed in modern glass, deluxe showerheads, and backlit mirrors over sizeable vanity sinks which create a spa-like oasis and meet the heightened wellness expectations of today's guests. Luxury flooring spans the entirety of each space uniting the interior decor and adding a touch of modern practicality to the guestroom experience.

Golden Nugget Atlantic City, one of New Jersey's most desirable entertainment and hospitality destinations, expects to complete the first phase of hotel renovations by late Spring 2024, then will move to additional phases.
